

2015 Health Center Quality Improvement (QI) Fund Awards

The Health Center Quality Improvement (QI) Fund Awards recognize health centers that demonstrated improvements in access to care, quality of care and/or value of care through data provided in the Calendar Year 2014 Uniform Data System and to provide support for those health centers to continue to strengthen clinical and operational quality improvement activities. CHDI was recognized in two areas: Clinical Quality Improvers and National Quality Leaders. Clinical quality improvers received funding if they showed improvement in one or more clinical quality measures between 2013 and 2014, demonstrating a significant improvement to their patients' health. National quality leaders received funding if they met or exceeded national clinical quality benchmarks, including Healthy People 2020 objectives, for chronic disease management, preventive care, and perinatal/prenatal care, demonstrating health centers' critical role in improving quality health care nationwide. **CHDI was 1 of 4 centers in Texas recognized as a National Quality Leader!!!** Of the 15 Clinical Measures health center report on, CHDI had higher rates of compliance than the national average in 8 of the measures

	Health Center	State	National
QUALITY OF CARE INDICATORS/HEALTH OUTCOMES			
Perinatal Health			
Access to Prenatal Care (first prenatal visit in 1st trimester)	88.81%	63.50%	72.21%
