### New Horizons Domestic Violence Services Launches Website

MIDDLETOWN, CT, October 29, 2014:

New Horizons Domestic Violence Services, which provides shelter and assistance to victims of domestic violence in Middlesex County has launched a new website designed to reach victims of domestic abuse.

They received a \$5,000 grant from the Community Foundation of Middlesex County.

The website [www.newhorizonsdv.com](http://www.newhorizonsdv.com) (<http://www.newhorizonsdv.com%20>) provides victims with important information on how to spot the warning signs of **abuse**. It also offers links to emergency services, group support, child and adult services, and assistance with navigating the court

system. A very unique icon on the site is the “quick exit button” which lets the reader quickly move to another site if their abuser enters the room.

The website will also serve as a resource for the latest research, trends and news about domestic violence. And for those who are interested in volunteering their time, or donating funds, there is a section of the site that offers information on how to do that.
