

To find out more about our pediatrics, obstetrics and gynecological services, contact your neighborhood QueensCare Family Clinic, or call (800) 454-1800.

Other QueensCare Family Clinics Programs

Our pediatrics and OB-GYN programs are just a few of our many programs and services available. We also serve our community with:

- Family practice and internal medicine
- Vision and dental care
- On-site lab tests and screenings
- Access to specialists

We Know
Young Families
Pediatrics, Obstetrics and Gynecology
Your Family's Health Partner

Your Kids are Our Specialty

When you bring your children to QueensCare Family Clinics, you can rest assured that they are seeing a pediatric specialist. Our board certified pediatricians have three years of pediatric training in addition to their years of medical education. Your kids are in good hands!

- 24-hour call service
- All routine checkups
- All recommended childhood vaccinations
- School health and sports physicals
- Special programs for asthma and obesity

Obstetrics and Gynecology Wellness for Women

Your obstetrician/gynecologist is an important health partner in your life journey. QueensCare Family Clinics' OB-GYN doctors understand a woman's unique medical needs as she moves through life stages from young adulthood to pregnancy to menopause and beyond. Call today to begin your journey with us.

Obstetric Care

- Pre-conception counseling
- Full prenatal care
- Gestational diabetes care
- High-risk pregnancy expertise
- Hospital tour for expecting parents
- Post-partum check-up

Gynecological Care

- Well woman exam including mammograms and pap smears
- Free pregnancy testing
- Gynecological problems and procedures

"We believe that a healthy child starts with a healthy mother and we provide obstetrical and gynecological care to do just that – to ensure and assist in the health of the women we serve."

– Dr. Guillermo Diaz
QueensCare Family Clinics Pediatrician
