Your medical home

CHI is designated as a Level 3 Patient Centered Medical Home. That is the highest level awarded to a health center by the National Committee on Quality Assurance (NCQA). It means that you will have a team of doctors, nurses and other staff that will be here just for you! Each time you visit the same team will take care of you and get to know you and your family. It ensures you will have consistent care by our dedicated team.

You Can Afford Health Care

Even if you don't have insurance you can still have access to quality medical care. CHI offers a sliding fee scale that is based on your income.

We also have a team of experts that can help you sign up for affordable health insurance.

To make an appointment call:

"Patient Care Comes First"

Convenient quality care for more than four decades

At Community Health of South Florida Inc. you are our priority. Your health and your time are both valuable. That is why CHI has created health centers that have everything to address your health care needs under one roof.

At one visit to a CHI center you can:

- ✓ See your primary care doctor
- ✓ Get your prescription filled at the pharmacy
- ✓ Get an x-ray in radiology
- ✓ Get your teeth cleaned and examined
- ✓ Visit with a mental health expert
...much more.

But beyond the long list of services that we provide, we strive for excellence. Our doctors, dentists and other staff are among the best of the best, highly trained and compassionate.

"Patient Care Comes First"

Your neighborhood health center

We also have walk in services for primary care and pediatrics. Don't have an appointment and you want to see the doctor? You can go to our walk in services department.

Dental

Dental Services include prevention, examinations, cleaning, fillings, extractions and tooth replacements.

Mental Health Services

Behavioral Health Care Services include care from a range of professionals, psychiatrists, therapists and other mental health experts. Services include family and children case management, individual and group counseling, Crisis intervention (24 hours), detox (24 hours), substance abuse, adult day treatment (English/Spanish), HIV/AIDS outreach services and more.

Low Cost Pharmacy/Free medication delivery

CHI operates four in-house pharmacies. Pharmacy services include low cost medications, free delivery, electronic prescription refills, anti-coagulation clinic, clinical pharmacy program, medication management and over the counter

Primary Care

The broad range of family centered medical services includes: acute and chronic disease management, preventive care, health education and arrangement for rehabilitation and hospitalization.

Pediatrics

Let us care for your child from birth into adulthood. Services include: well child exams, acute and episodic care for all illnesses, chronic disease management, school physicals, parent education and immunizations. Through the Vaccines for Children Program, CHI provides free immunizations.

Urgent Care Centers/ Walk In Services

When you just can't wait, head to one of our two Urgent Care Centers. Daytime, evening and weekend hours. General illness, injury treatment, pediatrics and more.

medicines. Can't afford your medications? We have programs that can help.

Women's Health OB-GYN

Gynecology Obstetric and Prenatal care are provided by board certified physicians. CHI's physicians deliver at Jackson South and Homestead Baptist Hospitals. From routine women's health examinations to corrective surgeries, our team of OBGYN doctors is skilled and compassionate.

Pap Clinic

Get in and get out. Get a quick Pap smear test at CHI's Pap Clinic. No woman should suffer from cervical cancer when this easy

convenient clinic is there to take this simple life saving test.

Radiology Services

The state of the art Radiology Department has a host of services including X-ray, CT scan, Bone Density, Fluoroscopy, Digital Mammogram Ultrasound and Nuclear Medicine.

School Based Health Centers

CHI operates 42 school based health centers. The centers are much more than a school nurse. It is a doctor's office within your child's school. A doctor on site can examine your child and send an electronic prescription directly to your pharmacy. Children don't have to miss school to get vaccines and make their medical appointments. Now they can do it in school and stay in school! CHI also offers dental services within the school.

Laboratory Services

No need to travel offsite for a simple blood test. Our on site laboratory can do your routine testing and process many tests on site. Our lab interfaces with Quest and LabCorp and it enables our clinicians to receive lab results directly into the patient's Electronic Health Record.

Free transportation to and from appointments

Can't find a ride to the doctor or dentist? Let CHI pick you up from your home and take you to the doctor for free. We will make sure we drive you back home and ensure your trip is comfortable and easy. Schedule a free ride today.
