MIDDLETOWN
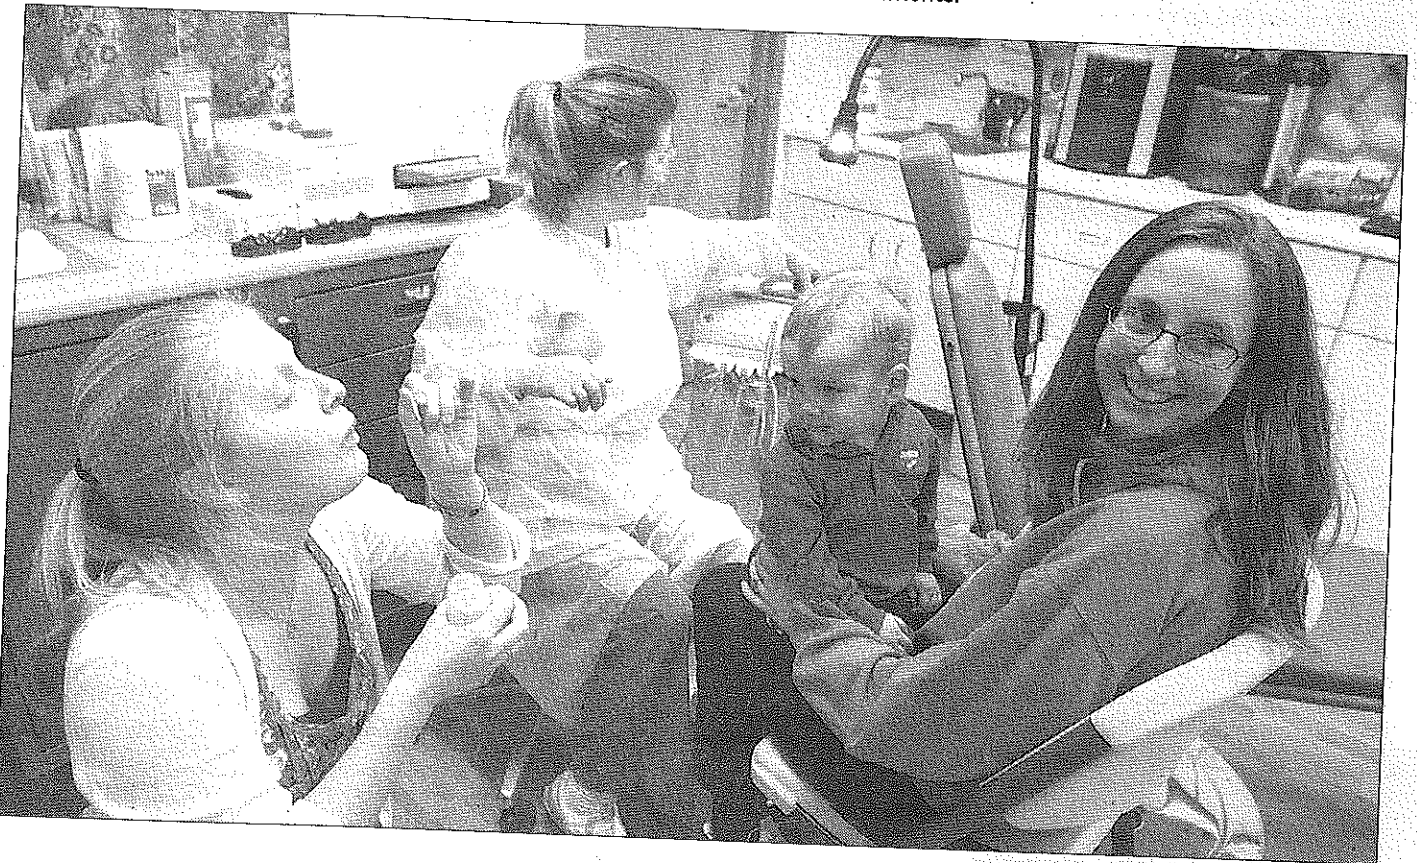

BRINGING ON THE SMILES

AT THE FAMILY WELLNESS CENTER on Main Street in Middletown, AmeriCorps volunteer Rachel Schumacher, 23, blows bubbles to distract Ronan LeDuc, 1, during his first dental visit. Ronan's mom, Kathy LeDuc, holds him as dental hygienist Michelle Buonanno prepares for the exam. Community Health Center Inc.'s program offered dental health education, diagnosing, restoration and prevention at 635 Main Street on Monday and Tuesday. The fee was $30 for the uninsured; it was free of charge for those with insurance. The dental checkup included a cleaning, X-rays and fluoride and sealant treatments.
