**El Rio Community Health Center and the Pima County Health Department collaborate
with Boys & Girls Clubs of Tucson to Provide Back to School Immunizations**

Tucson, Arizona – In a new partnership designed to help Tucson families, El Rio Community Health Center and the Pima County Health Department are co-sponsoring four back to school immunization events at Boys & Girls Clubs locations throughout Tucson. ***The events are designed for kids, ages 5-18, to get their required shots for the 2013-2014 school year. Families who have no health insurance are encouraged to attend. Their children will be vaccinated for free. If the family has health insurance coverage they need to bring their insurance cards (AHCCCS-KidsCare or private insurance) for billing.***

El Rio's dental team will offer free screenings and fluoride varnish treatments and the Lions Club will provide free vision screening to all school-age children. Tucson Medical Center will be offering a limited number of free booster seats to qualified families. AHCCCS providers and the Pima Community Access Program (PCAP) will be on site providing information about how to apply for services for those families who may qualify and currently have no medical coverage.

The events will be hosted at several Boys & Girls Clubs of Tucson locations. The committee has expanded services this year to include Tucson's west side. A total of four immunization clinics will be offered. **The legal parent or guardian must be present. Children should bring their shot records and insurance cards if they have insurance.** Call 520-243-7736 or visit www.elriofoundation.org or www.pimahealth.org for more information.
