

**At Finger Lakes Community Health,
everyone is welcome ...**

Where
you
come
first.

families, students, professionals, retirees—
people who believe, as we do, that our
community deserves a different kind
of healthcare. Here, physicians and staff
take time to listen. From the receptionist
who greets you to the doctors who are
highly respected in their fields, we provide
the highest standard of care. And,
something else—genuine caring.

That's because we believe medicine is
not just a career, ***but a calling.***

Finger Lakes Community Health was founded in 1989 as a provider of healthcare for agricultural workers. We have since expanded our services to provide comprehensive healthcare for everyone, with numerous centers in the region. To us, building a healthy community is not simply a matter of providing medical or dental services, but of being true advocates for wellness.

We are champions for the patient. Our Patient Advocates and Navigators are on site at all times to help guide you through the healthcare system. They link patients to social service resources, assist with health insurance enrollment, facilitate referrals to specialty care, and provide interpretation when needed. Their main responsibility is to ensure you feel comfortable throughout every step of the healthcare process.

Our comprehensive health services include:

About Us

Dr. Mary Driesch, FAAFP
Chief Medical Officer,
Finger Lakes Community Health

"Dr. Mary" has been a physician for 27 years and has worked in community health as well as her own private practice. She is board certified in family medicine and was recently named Chief Medical Officer of Finger Lakes Community Health. She works to empower patients to make informed health decisions. A dedicated physician, Dr. Driesch is also the School Physician in the Penn Yan School District and the Medical Director at Keuka Comfort Care Home.

Dr. Tony Mendicino, Dental Director,
Finger Lakes Community Health

Dr. Anthony Mendicino, a graduate of New York State University at Buffalo School of Dentistry, serves as FLCH Dental Director. Dr. Tony, as he likes to be called, has worked in community health for 22 years providing comprehensive dental services.

Mary Zelazny, Chief Executive Officer,
Finger Lakes Community Health

Mary Zelazny, CEO of Finger Lakes Community Health since 2006, is responsible for maintaining its mission as a Federally Qualified Community and Migrant Health Center. As CEO, Mary leads the expansion of the health centers at several locations in 6 counties of the Finger Lakes. She is also responsible for ensuring the quality of its health services care in our rural communities. One focus has been on telehealth and distance learning programs to improve healthcare access across the region. Mary and her team have also continued to build their federal migrant voucher program, only one of 22 in the US, which provides health services to farmworkers in 42 upstate NY counties.
