Senior citizens wellness series set in Bangor

BANGOR - A series of senior citizen wellness programs will be held in Bangor beginning Jan. 30.

The series will be at 2 p.m. on three consecutive Wednesdays at the Black River Commons, 820 Second Street.

The programs, sponsored by the Migrant and Rural Community Health Association (MARCHA), are to promote the health and safety of the elderly, according to Beverly Hampton, MARCHA coordinator of special projects.

A panel discussion on the wise use of medicine will be held Jan. 30. The panel will include a nurse, a pharmacist and a health department official.

The importance of nutrition to the elderly will be explained on Feb. 6 by MARCHA dietitian Karen Freeburn.

A program detailing the service agencies catering to senior citizens will be held Feb. 15.

For more information call Beverly Hampton at MARCHA, 427-7937.
